## AMENDMENTS TO THE CLAIMS

The claims in this listing will replace all prior versions, and listings, of claims in the application.

## **Listing of Claims:**

1. (Currently Amended) A composition for local anesthesia in oral surgery or dental treatment which comprises [[a]] an aqueous solution of a local anesthetic as an active ingredient and an agent for sustaining anesthetic action selected from the group consisting of antihistamines, and does not substantially contain a catecholamine.

## 2. (Canceled)

- 3. (Currently Amended) The composition for local anesthesia according to claim 1, wherein the local anesthetic is lidocaine hydrochloride.
- 4. (Previously Presented) The composition according to claim 1, wherein the antihistamine is an antihistamine having a diphenylmethyl group (the phenyl groups may be substituted or unsubstituted) as a partial structure.
- 5. (Original) The composition for local anesthesia according to claim 4, wherein {P28015 00133973.DOC}

the antihistamine is diphenhydramine hydrochloride or hydroxyzine hydrochloride.

- 6. (Original) An agent for sustaining action of a local anesthetic selected from the group consisting of antihistamines.
- 7. (Original) The agent for sustaining action according to claim 6, wherein the local anesthetic is lidocaine hydrochloride.
- 8. (Currently Amended) The composition for local anesthesia according to claim 1[[2]], wherein the local anesthetic is lidocaine hydrochloride.
- 9. (Currently Amended) The composition according to claim <u>1</u>[[2]], wherein the antihistamine is an antihistamine having a diphenylmethyl group (the phenyl groups may be substituted or unsubstituted) as a partial structure.
- 10. (Previously Presented) The composition according to claim 3, wherein the antihistamine is an antihistamine having a diphenylmethyl group (the phenyl groups may be substituted or unsubstituted) as a partial structure.
- 11. (Previously Presented) The composition according to claim 8, wherein the antihistamine is an antihistamine having a diphenylmethyl group (the phenyl groups may {P28015 00133973.DOC}

be substituted or unsubstituted) as a partial structure.

- 12. (Previously Presented) The composition for local anesthesia according to claim 9, wherein the antihistamine is diphenhydramine hydrochloride or hydroxyzine hydrochloride.
- 13. (Previously Presented) The composition for local anesthesia according to claim 10, wherein the antihistamine is diphenhydramine hydrochloride or hydroxyzine hydrochloride.
- 14. (Previously Presented) The composition for local anesthesia according to claim 11, wherein the antihistamine is diphenhydramine hydrochloride or hydroxyzine hydrochloride.
